Standing Seam 360

A global oilfield chemical company, Nalco Champion is a state-of-the-art facility comprised of three single slope structures that make up the office, lab, and shop.

Special features of this structure include a catwalk system, an exterior comprised of ABC's Architectural II panel & brick veneer, and skylights to maximize natural lighting. The office includes a concrete mezzanine, aluminum composite panel along the parapet entrance, and a below eave canopy.

Innovation. Technology. Solutions.
