Finke Equipment is one of New York's largest and most well respected heavy equipment dealerships, specializing in providing new and used equipment sales and rentals.

Their new headquarter facility includes office space for the sales department, a training center, and a repair shop featuring eight new maintenance bays, paint booth, welding bay, and wash bay. A mezzanine houses offices that look down onto the showroom and maintenance area so management can oversee day-to-day operations.

Innovation. Technology. Solutions.
