MacAllister Machinery's new 18,890 sf equipment retail & rental facility specializes in servicing major construction jobs and providing industrial equipment for power plants and factories in the area. It features a 100'x100' maintenance shop with a below-eave, adjacent 70' wide office building. Both are clear span, rigid frame. The shop includes an expandable endwall for future growth.

Established in 1945, MacAllister Machinery is a family owned third generation seller of Caterpillar equipment as well as many other top 50 leading manufacturer brands. With multiple locations throughout the state, MacAllister is Indiana's leading heavy equipment supplier.
