

# McCluskey Chevrolet

## LOCATION

Cincinnati, OH

## SIZE

48,000 sf

## ROOF SYSTEM

Standing Seam 360

## BUILDING END-USE

Auto Dealership/Service

This project included the demolition of approximately 5,500 sf of existing one-story building areas, new 1 story additions for showroom & sales, service drop-off, parts delivery and storage, as well as service bays. The service addition uses a 71' clear span frame that satisfies the owner's need of a safe and unimpeded space during hectic morning rush hours. The inside finishes of the service write-up area are high-tech and high energy.
