

Rock on Trucks

Corporate Office

LOCATION

Waite Park, Minnesota

SIZE

3,566 sf

WALL SYSTEM

Architectural III

ROOF SYSTEM

Loc Seam

This dynamic and efficient office serves as the operations for a premier aggregate trucking company. It is a combination of two single-slope, clear span, tapered column structures.

The exterior features ABC's Architectural III metal panel accented with brick and glass. Inside, a 16' masonry staircase leads to the mezzanine that houses additional office space, as well as a light-filled balcony walkway that overlooks the clerestory atrium.

Innovation. Technology. Solutions.
