Standing Seam II

## BUILDING END-USE

Recreation & Training Center

To serve the needs of a university recreation and training center, this project is made up of five buildings and includes an NCAA regulation size basketball court, volleyball courts, classrooms, offices, locker rooms, concessions, and an open-air two-story lobby.

Reinforcements and support beams were added for the six suspended basketball goals weighing 1,200 lbs each. The exterior is a combination of Reverse R-Panel and HE40 heavy embossed insulated wall panels.
