

Total Ag Industries

Agricultural products manufacturer

LOCATION

Hillsboro, North Dakota

SIZE

57,000 sf

WALL SYSTEM

Architectural III

ROOF SYSTEM

Standing Seam 360

This project is a custom-engineered steel building with a 100' 10-ton clear span crane. The clear span crane is ideal for a clean, uncluttered space that is used for agricultural and manufacturing applications.

Combined with the two-story 15,000 sf attached conventional construction building, the project included an assembly area, cold storage, seven offices, a parts department, research and development department, and a boardroom.

Innovation. Technology. Solutions.
