

# Vogel Farms Farming Maintenance & Office

## LOCATION

Onaka, SD

## SIZE

22,000 sf

## WALL SYSTEM

Long Span III

## ROOF SYSTEM

Standing Seam 360

A custom building for a family-owned farming and dairy operation. This project features a high powered, self-supporting hydraulic door that is 50'x22' in size as well as a geothermal in-floor heat system. The exterior is enhanced with wainscoting around the entire perimeter. The partial mezzanine includes a wood framed office area.
