Lee Park Baptist Church consists of six buildings. The sanctuary is a traditional high pitched chapel with stained glass windows and faux wood beams that highlight the left front corner. The 163'-9" x 148'-9" x 26' 2-1/8" single slope building features a large lobby with a rock false chimney and electric fireplace. Other features include sloped seating, large stage with elevated baptistry, second floor office and production area, large restrooms, large choir area. The Choir building is a 88'-9" x 30' x 16' gable style building with straight columns. Building three is a 58'-9" x 20' x 26'-4" gable style with straight columns. The Chapel is a 18'-9" x 46'-9" x 24' gable style with straight columns and building five and six are lean-to buildings.

Innovation. Technology. Solutions.
