

November 2019

There is an eQuote update scheduled for Monday, November 4, 2019, from approximately 10 PM to 11 PM Eastern Standard Time. The site will be unavailable during this update.

As you know, pricing can fluctuate. It is extremely important that you understand and communicate the “Order Entry Date” and “Must Ship by Date” with your clients. If a special circumstance presents itself, please contact your District Sales Manager (DSM) or Project Coordinator (PC). Please be sure to update any quote from American Buildings before you close an order where the “Order Entry Date” has expired.

We are continually updating the eQuote site with improvements and enhancements. Follow the link to view the latest [eQuote Release History](#). For eQuote system requirements, frequently asked questions or additional resources, please visit the Builder Dashboard.
