

Placer Valley Event Center

LOCATION

Roseville, CA

SIZE

160,000 sf

WALL SYSTEM

Striated Panels

ROOF SYSTEM

Standing Seam 360

BUILDING END-USE

Event Center

The Placer Valley Event Center, located at the Grounds, is ideal for numerous uses, including athletic events, meetings, tradeshows, and conventions. The venue features 160,000 square feet of space, 12 basketball courts or 24 volleyball courts, capable of housing meetings of up to 6,000 people. The facility consists of two structures, and two lobby spaces. The main event center space, a symmetrical gable design, is a 251' x 435' clear span with no interior or intermediate support columns. The eave height is just over 44', which allows for an internal clear height of 35' in the entire space. An 80' x 462' single slope support building is attached to the south side of the main building, which houses the restrooms, offices, meeting spaces, and storage areas. Two lobby spaces – one a single slope design, while the other a lean-to – complete the facility. The expansive building is clad with ABC's Standing Seam 360 roof system and insulated metal panels for the wall system. In addition, 1.5" polycarbonate translucent wall lights, designed to fit into the insulated metal panels, were utilized in the lobby spaces to bring in natural daylight.
