ORDER STEEL PRODUCTS

FAST. EASY. ONLINE.

TIME IS MONEY IN THE CONSTRUCTION INDUSTRY.

Keeping on schedule isn't just important to your customers, it's critical to your bottom line. Manufacturers and suppliers you work with can make or break a project, so when the unexpected happens on the job site, you need a reliable resource to turn to.

Our goal at Nucor is taking care of our customers, and we do so by honoring our commitments—we succeed by helping you succeed. That's why we're excited to introduce the Nucor Steel Store, offering the largest selection of steel construction products available online, including metal building components, grating, and joist and deck, delivered fast to your job site.

THE NUCOR STEEL STORE IS POWERED BY NUCOR.

With a capacity exceeding 27 million tons, Nucor Corporation is North America's largest recycler, and the leading producer of steel and steel products in the United States. Our company is made up of more than 22,000 teammates whose goal is taking care of our customers. We accomplish this by being the safest, highest quality, lowest cost, most productive, and most profitable steel and steel products company on the planet. We are committed to doing this while being cultural and environmental stewards in the communities where we live and work.

ORDER CUSTOM STEEL PRODUCTS & ACCESSORIES ANYTIME, ANYWHERE.

We're open 24/7! The Nucor Steel Store is designed for use on all devices, so making an order is fast and easy whether you're in your office, on the go, or at the job site. In addition to metal building components, custom-order joist and deck, and grating, we offer the largest selection of steel construction products and accessories available online.

CUSTOM MADE IN THE USA USING ENVIRONMENTALLY-FRIENDLY STEEL.

Our products are fabricated in the USA using Nucor steel, which is made from nearly 80% recycled content. Nucor Corporation is North America's largest recycler, converting approximately 20 million tons of scrap steel into new products in 2015.

ALWAYS SHIPPED ON SCHEDULE, DIRECTLY TO YOUR JOB SITE.

Our production teams are capable of meeting tight delivery schedules, and with plants and service centers strategically located across North America, we offer local service to your job site, providing for reduced shipping time and freight costs.

THE NUCOR STEEL STORE IS THE LARGEST ONLINE SOURCE FOR STEEL CONSTRUCTION PRODUCTS.

The Steel Store is your complete resource for steel products online. As the nation's most diversified producer of steel and steel products, Nucor's Steel Store has a broad assortment of custom fabricated products available to ship directly to your job site.

The Fabricated Products Group manufactures and offers a wide range of steel construction products on the Steel Store, including metal building system components, steel joists, decking and grating. You'll also want to check out the Boneyard section, where you can find individual and one-time deals on components and parts.

Nucor Fabricated Products Group companies include:

Nucor Buildings Group - The industry leader in custom engineered metal building systems with four independent building brands.

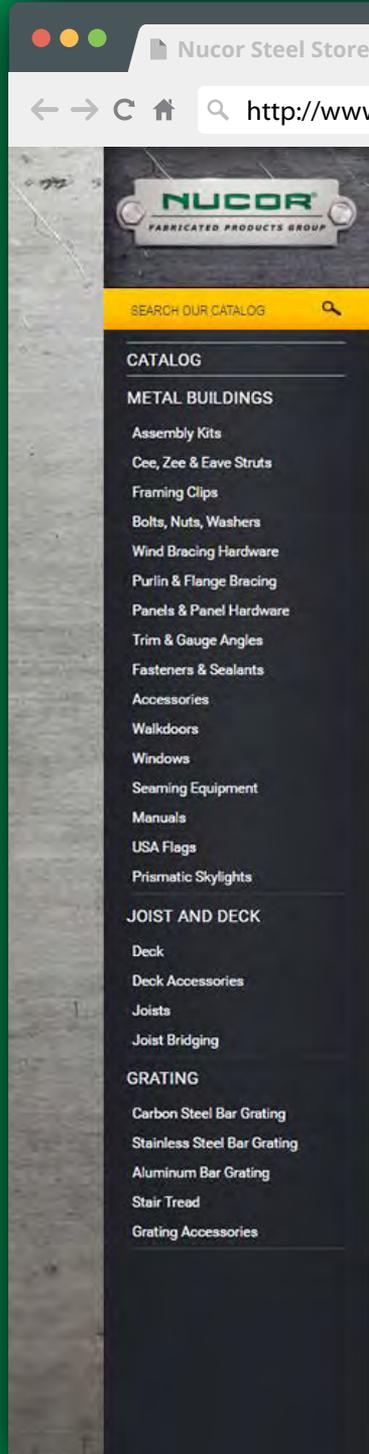

Nucor Grating - Provider of high-quality steel grating and expanded metal products.

Vulcraft/Verco Group - The nation's largest producer and innovator of open-web steel joists, joist girders, and steel deck.

INNOVATIVE PRODUCTS. CUTTING EDGE TECHNOLOGY.

No one offers you the product diversity that Nucor does, and that includes a wider variety of products than any other North American steel manufacturer. Our commitment to our customers and adopting emerging technologies means we're heavily equipped to serve your needs.

Your order's details and pricing are kept organized and at your fingertips in the handy order pad.

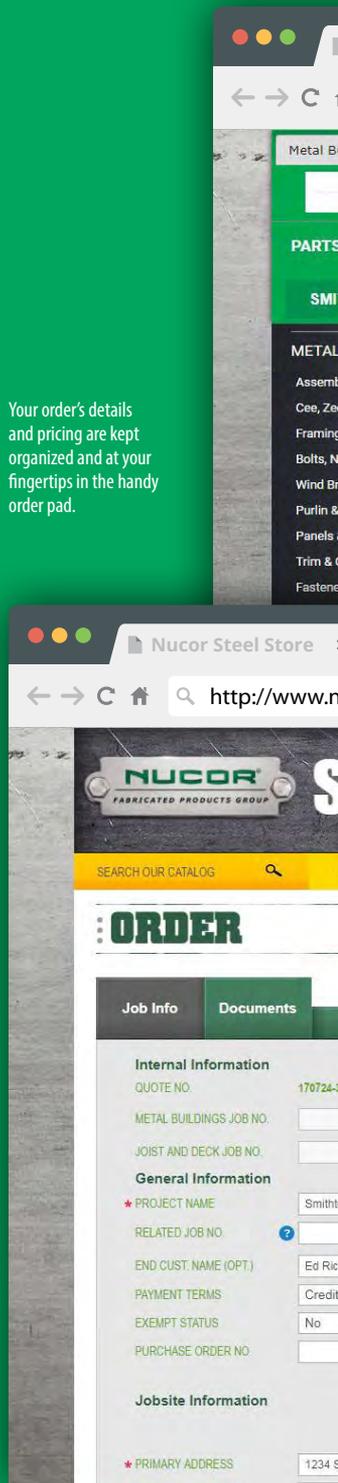

DON'T TAKE OUR WORD FOR IT. SEE FOR YOURSELF WHAT CUSTOMERS HAVE TO SAY ABOUT SHOPPING THE STEEL STORE:

"I have used the Steel Store since it was first implemented for basic items such as screws, downspouts, sheets, clips, framed opening kits, etc. It has been a valuable tool for me in pricing components, as well as viewing materials and details."

"For me the most valuable asset is the people behind the website. Your component pros have been a tremendous help to national distributors. They have helped us with whatever we cannot find, or price on our own."

"I believe everyone should have the Steel Store in their tool box, and they will have the same success as we experience."
