Nugget Market is a family-owned and operated company based in Northern California dedicated to creating an extraordinary grocery experience. This Nugget Market, Inc. corporate office building incorporates design elements found in several nearby wineries that embrace the metal building concepts, an Agrarian feel, and some modern features. The 25,000 sf facility includes an additional 10,000 sf of partial mezzanine space. The structure utilizes American's Loc Seam 360 roof system, and dormers highlight the architecturally pleasing roof lines. In addition to skylights, numerous floor-to-ceiling windows provide natural lighting.
