eQuote Training Video Series

At American Buildings, we are continuously evolving our web application, eQuote, to help our Builders easily price more projects. In order for our Builders to gain a firm understanding of eQuote and its many options, we've developed a library of training videos that you can watch at your own pace.

Through EagleMAIL, we will highlight certain episodes. If you haven't already, please take a moment to watch the introduction video, which outlines the set-up of this exciting video series:

To access our full library of Virtual eQuote Training, please visit the Builder Dashboard and select **eQuote Resources**.

This month we're highlighting **Project Manager**. This episode will detail the Project Manager — the home-base for eQuote and where you will be directed after you login in. There's a lot of helpful detail in this video, and you may want to watch it twice.
