Marketing Portal a Strong Asset to Your Business

Your Exclusive Source for Marketing Tools and Brand Resources

Launched at the beginning of this year, the American Buildings Marketing Portal includes numerous tools to help you connect with existing and potential customers, promote your business, and share the benefits of custom metal buildings. The Portal is a one-stop shop for polished, professional marketing materials you can either order for print/purchase or download and use a favorite, local printer/vendor of your own.

“THE MARKETING PORTAL HAS MADE IT EASY FOR OUR BUILDERS TO MAKE MAILERS FOR TRADE SHOWS AND SEND THEM TO A TARGETED MARKET. THEY HAVE ALSO HAD SUCCESS CREATING BANNERS AND OTHER CUSTOM PIECES.”

– SALES AND MARKETING ADMINISTRATOR

Within the Portal, is the ability to easily customize flyers, print and digital advertising, jobsite signs, banners, various digital marketing templates, USA-made apparel, and much more. Our professional-designed templates are pre-loaded with product info, professional project photos and the current American Buildings Authorized Builder logo. Each template also offers opportunities for customization, allowing you to include your company logo, contact info, and even photos of your past and current American Buildings projects.

We are happy to walk anyone in your company through a demonstration highlighting how to use the program and what types of marketing pieces

are available. In addition, we have a recorded webinar that gives you details on how to access and use the Portal. You can watch the webinar at any time and share it with others in your company who would find it beneficial.

To help you invest in the promotion of your company and your partnership with American Buildings, the Portal provides you with numerous opportunities to utilize your marketing co-op dollars wisely. We encourage you to utilize
