## Warehouse/Distribution

**LOCATION**  
Shelbyville, IN

**SIZE**  
52,510 sf

**WALL SYSTEM**  
Architectural III

**ROOF SYSTEM**  
Standing Seam 360

Toray's South Warehouse consists of two single slope custom engineered metal buildings. Building #1 is 140' x 351'-7 1/2". A 22-ft wide connector straddles the railroad spur coming onto the property and allows access to the South Warehouse from the existing portion. Included in this project are five new docks along the west façade.
