## eQuote Training Video Series

At American Buildings, we are continuously evolving our web application, eQuote, to help our Builders easily price more projects. In order for our Builders to gain a firm understanding of eQuote and its many options, we've developed a library of training videos that you can watch at your own pace.

This month we're highlighting **Project Actions**. Project Actions is the first drop-down menu in the top ribbon menu. Numerous actions are available to you as you work through your quote in eQuote. Watch this video to familiarize yourself with these options and to make sure you communicate the needed information for an accurate quote in your building.

If you haven't already, please take a moment to watch the introduction video, which outlines the set-up of this exciting video series:

To access our full library of Virtual eQuote Training, please visit the Builder Dashboard and select **eQuote Resources**.
