C.H.I. Overhead Doors Can Transform Your Building

Durable and long-lasting overhead doors are a must for commercial, agricultural, and industrial facilities. C.H.I. Overhead Doors offer a multitude of door options that are built to withstand the daily high volume of operation that is required of our buildings.

Nucor Buildings Group recently welcomed C.H.I. Overhead Doors to the Nucor family, and American Buildings is connecting our Authorized Builders with the C.H.I. Overhead Doors commercial product line and their nationwide network of installers.

C.H.I. Overhead Doors is a leading manufacturer of overhead door products for residential and commercial applications, as well as rolling steel and rubber doors for commercial and industrial customers.
