eQuote Training Video Series

At American Buildings, we are continuously evolving our web application, eQuote, to help our Builders easily price more projects. In order for our Builders to gain a firm understanding of eQuote and its many options, we've developed a library of training videos that you can watch at your own pace.

This month we're highlighting **Task List & Errors**. This episode will detail what onscreen and validation errors look like, as well as how the task list will display tasks needed to be addressed.

If you haven't already, please take a moment to watch the introduction video, which outlines the set-up of this exciting video series:

To access our full library of Virtual eQuote Training, please visit the Builder Dashboard and select **eQuote Resources**.
