## eQuote Training Video Series

At American Buildings, we are continuously evolving our web application, eQuote, to help our Builders easily price more projects. In order for our Builders to gain a firm understanding of eQuote and its many options, we've developed a library of training videos that you can watch at your own pace.

This month we're highlighting **Manage Account & Settings**. This episode will detail how to manage your account — set your contact information and email notifications, as well as how to change your password. In addition, the video shares how to manage your settings, such as buyer information, builder markup, panel types, and DWG format.

**WATCH  
VIDEO!**

If you haven't already, please take a moment to watch the introduction video, which outlines the set-up of this exciting video series:
