

October 2023

Nucor Buildings Group is constantly seeking ways to improve our product offering and remain the low-cost supplier for our Builders. To streamline and simplify the procurement of our **seaming hand tools** used for installing roof panels, we are pleased to announce Developmental Industries (D.I. Roof Seamers) will now be the sole supplier of all rented and purchased hand tools for all Nucor Buildings Group roof panels.

The D.I. Roof Seamers website below is specifically designed for NBG Builders and will allow you to select the roof panel type and review options for all seamer types available for order. To rent roof panel seamers or purchase hand tools, visit the link below or call 1 (888) 343-0456.

<http://diroofseamers.com/nbg>

Please note: As of October 12, the hand tools will not be available through eQuote, components, or Steel Store nor will the divisions stock them. There are no changes to ordering roof seamers.

Critical Dates: These changes will be effective in eQuote on October 12, 2023. For more information, contact your local Sales Representative or Project Coordinator.

Our Commitment

Nucor Buildings Group is committed to ongoing improvements in all aspects of our business. This change is intended to enhance our product offerings and improve our costs and competitiveness in the marketplace. Your input and comments are always appreciated. If you have specific questions regarding this bulletin or any other area of our business, please contact your District Sales Manager or Project Coordinator.
