

AMERICAN BUILDINGS EXCELLENCE IN DESIGN BUILDING OF THE YEAR

The Baptist Health IcePlex is a versatile, modern facility designed for the Florida Panthers hockey team and serves as a recreational resource for its local community. This state-of-the-art complex features two regulation-sized indoor ice rinks and a dedicated training and practice center for the Panthers. Beyond its athletic trappings, the IcePlex serves as a vibrant community hub, with dedicated areas designed for public use. Tenant zones, intended for medical offices, dining, and retail outlets, create a lively atmosphere for visitors. To enhance and maximize functional space, the interior's design incorporates several mezzanines. The structure's exterior features American Buildings' Loc Seam® 360 roof system in galvalume and a modern, inviting facade created with a clever fusion of American's R-Panels in Pearl Gray and Insulated Metal Panels in Slate Gray. The Baptist Health IcePlex successfully unites sports, wellness, and community services under one roof.
